

“Post-conventional Intervention and Moral Thinking in a Digital Learning Environment”

Helen Margaritou-Andrianessi, Presentation, Oxford, 13-8-2024

Post-conventional Intervention and Moral Thinking in a Digital Learning Environment

- **Differences** (Semantics, Utilization of Variables, Moral Thinking & Codification)
- **Interventions** (Reasonable Evidence, Critical Reflection, Autonomy of Prudence, Responsible Responses, Continuous Examination, Alternative Views, Enhancement & Codification)

- **Meta-moral Principles**

(“How all these different parts fit together”: Corporate Responsibilization)

- **Designing Smart Classrooms** through exploration with MAXQDA

Dr Helen Margaritou-Andrianessi

Researcher (Anavryta Model School, Institute of Educational Policy, University of Athens)
